# Orthodox Embroidery

THE 2026 COLLECTION

Fully embroidered Orthodox vestments & church textiles, made by hand in our Florida atelier since 2016.

MEET THE MAKERS

# A Family Studio, Not a Factory.

---

Most liturgical vestment shops are resellers. We are the atelier itself – a small family workshop in Longwood, Florida, where every phelonion, epitrachelion and chalice cover is drawn, cut and hand-embroidered under one roof.

Since 2016 we have served more than a thousand clergy and parishes across the world – offering the work of a true atelier at a fair, direct price. Ready pieces ship within days; custom commissions are completed in three to four weeks.

SECTION IV

The background of the entire page is a deep teal color. In the center, there is a detailed embroidery of an angel with large, white, feathered wings. The angel's face is embroidered with dark hair and a serene expression, surrounded by a golden halo. The angel is positioned within a large, golden Celtic knotwork border that forms a diamond shape. The knotwork is intricate, with multiple interlocking loops. In the corners, there are smaller, similar knotwork designs. At the bottom of the page, there is a fringe-like texture, suggesting the edge of a tablecloth or cover.
